

**Ombudsman Educational Services is a national, technology-driven education company that uses team teaching to help middle and high school students who struggle in traditional settings. Courses are offered in, but are not limited to, the areas of: English, Social Studies, Science, Math and various electives.**

**This is an alternative education program with national accreditation that maintains a 10 to 1 student / teacher ratio.**

**What we do is simple – we help students graduate.**

Visit <http://www.Ombudsman.com> to learn more.
